ANTONIO CITTERIO

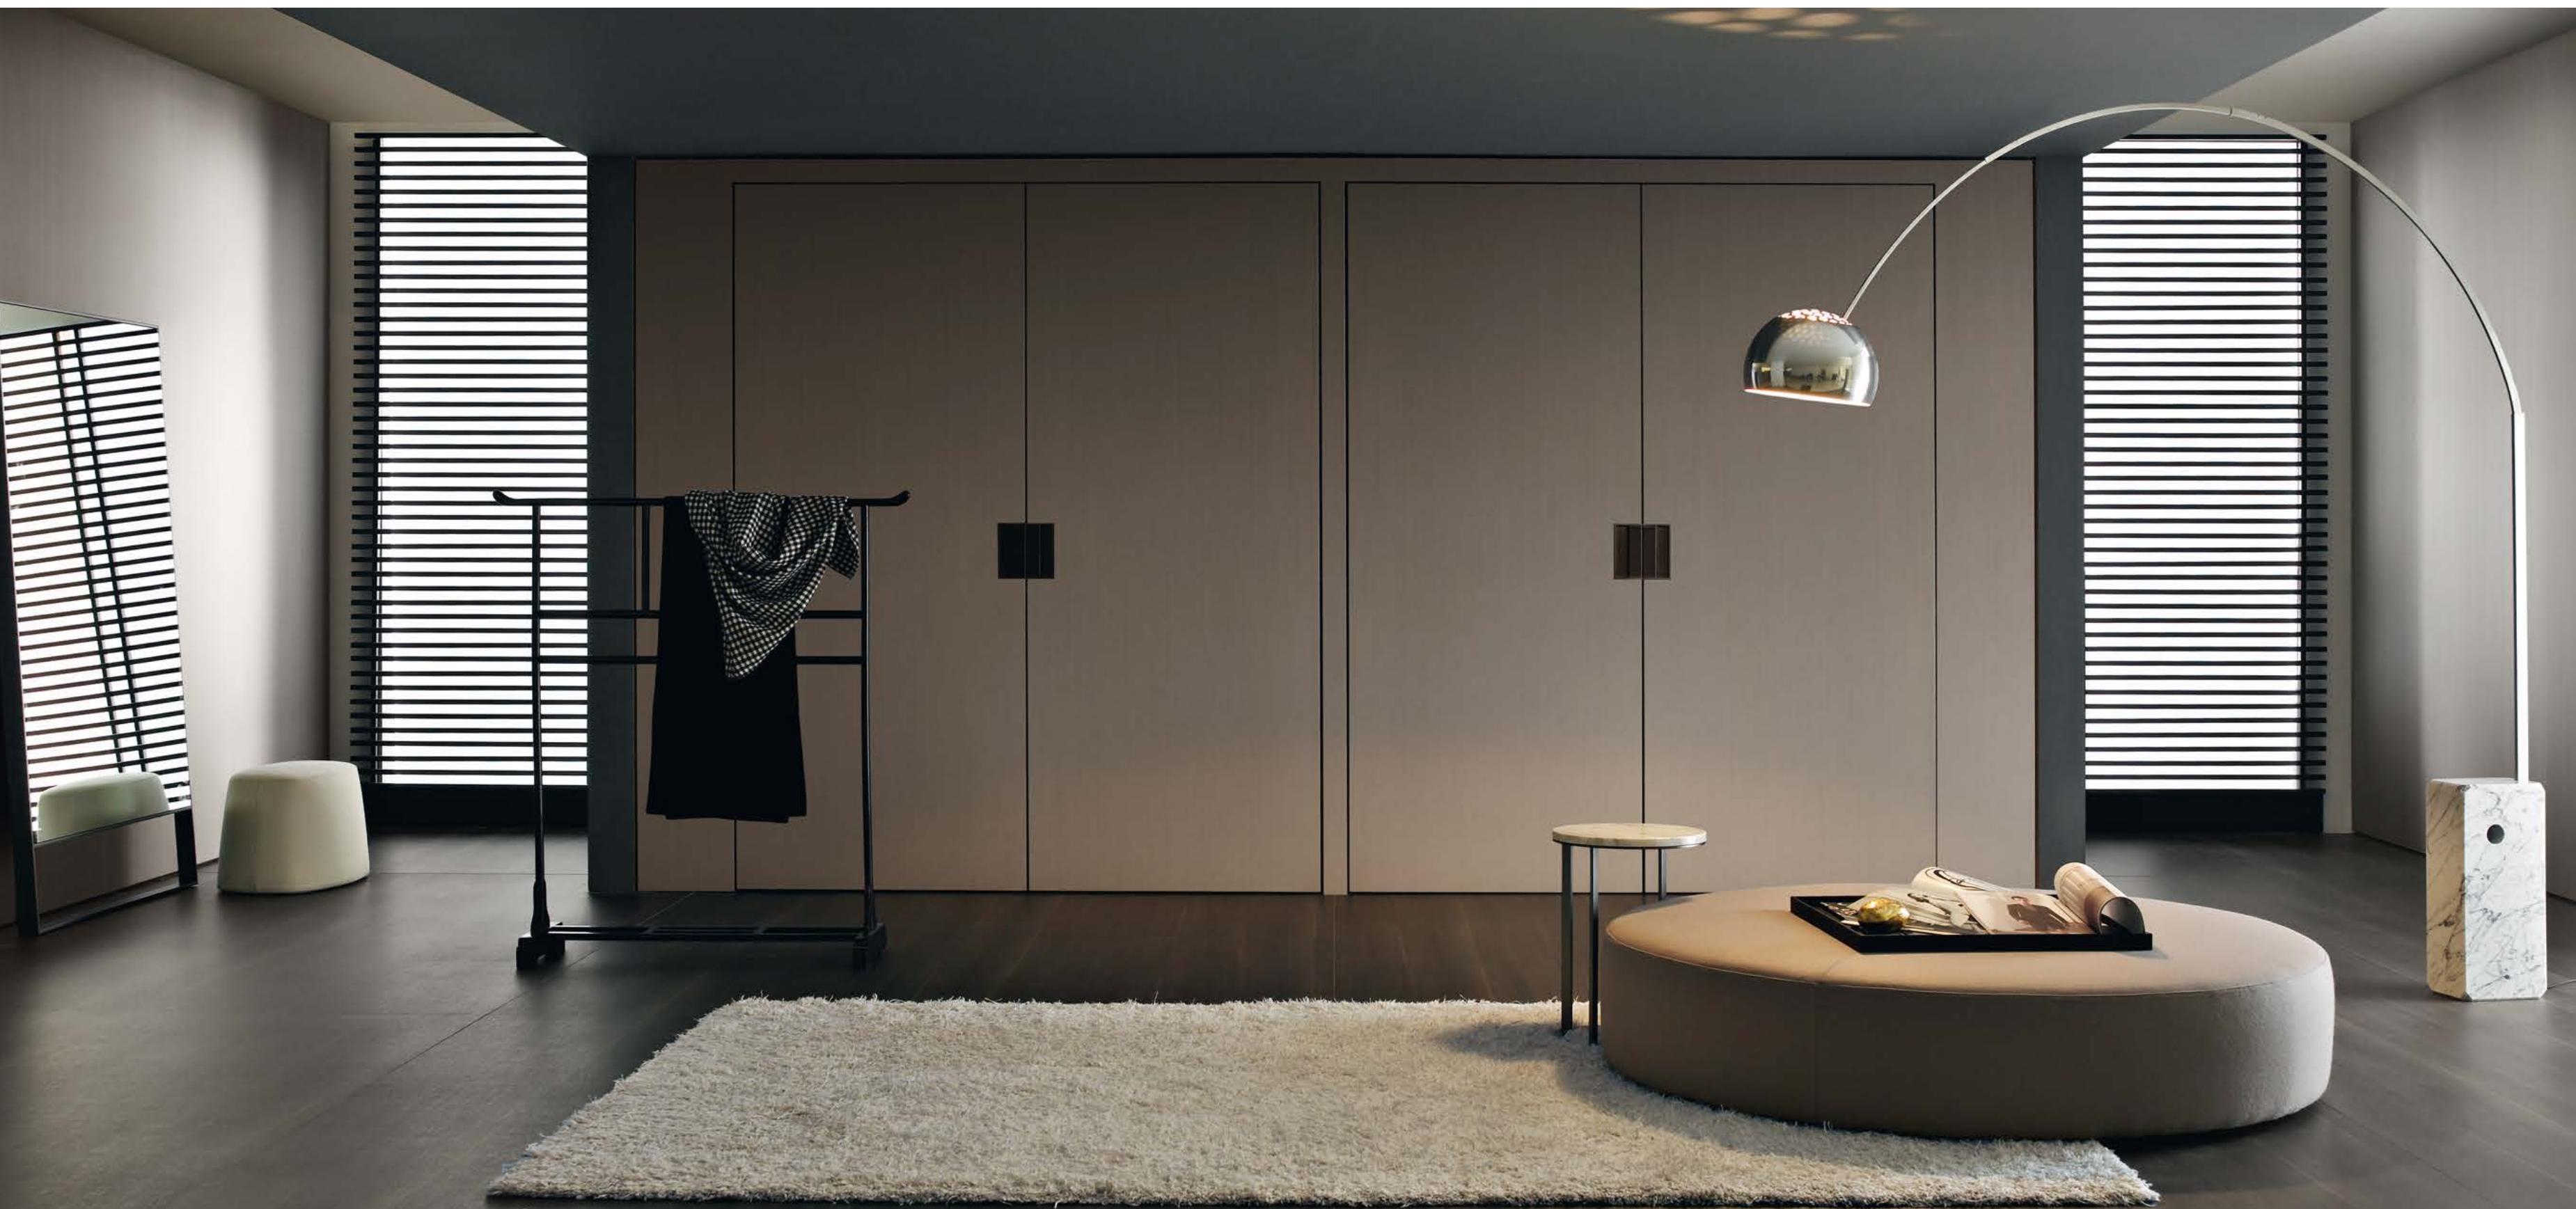

Il progetto B&B Italia che rivolge l'attenzione alla zona notte porta la firma di Antonio Citterio: è Backstage, la risposta più innovativa e internazionale al sistema di contenimento degli armadi guardaroba tradizionali. Il primo plus che viene percepito è la sua immagine elegante e sofisticata: l'uso di materiali pregiati, i dettagli esclusivi delle finiture, la ricca gamma di varianti, l'effetto boiserie delle superfici che permettono di ambientare Backstage in spazi diversi, non soltanto nella zona riservata alla notte. Soluzione rivoluzionaria, l'apertura delle ante, ispirata al linguaggio architettonico contemporaneo: come le porte a tutta altezza, grazie all'innovativo meccanismo sviluppato e brevettato da B&B Italia, le ante si aprono con un movimento simultaneo di rotazione e traslazione (rototraslante) che consente un ingombro ridotto e maggiore accessibilità ai vani interni. Inoltre Backstage propone un corredo esclusivo di accessori e attrezature che sottolineano la sapienza artigianale coniugata con la qualità e la purezza dei materiali.

Backstage, the B&B Italia project for bedrooms is designed by Antonio Citterio. It is the most innovative and international solution to the storage problem of traditional wardrobes. The key feature is its refined and sophisticated image: the use of precious materials, the exclusive finishing details, the wide range of variants, the boiserie effect of surfaces designed for Backstage to merge into various spaces, and not only into the bedroom. The door opening system inspired by contemporary architecture offers a revolutionary solution: the innovative mechanism developed and patented by B&B Italia opens the full height doors with simultaneous rotation and translation (roto-translation) that ensures reduced bulk and better accessibility to internal compartments. Backstage also proposes an exclusive choice of accessories and fittings that underscore expert craftsmanship and the quality and purity of materials.

La cura dei dettagli esprime l'eccellenza della maestria artigianale. Da osservare il disegno delle maniglie a incasso vernicate nickel bronzato con inserti in pelle testa di moro. In pelle sempre arricchita dalle impunture da sellaio, il vano porta-oggetti e i divisorii interni dei cassetti. Nickel bronzato anche per cassetriere e porta camicie.

The extreme attention to detail reveals the excellence of masterly craftsmanship. The design of the built-in bronzed nickel painted handles with dark brown leather inserts deserves special notice. The coin tray and internal drawer spacers are always in leather enriched with saddle stitching. The drawer units and shirt rack are bronzed nickel painted.

Backstage può diventare divisorio tra due spazi diversi anche per funzione. Qui trova posto lungo la parete della zona antistante la camera da letto che si intravede alle sue spalle. Le ante, in finitura rovere chiaro, si aprono con l'inedito movimento rototraslante.

Backstage can become a partition wall between two spaces that present functional differences. Here it is placed along the wall of the area that precedes the bedroom, a glimpse of which can be seen behind the wardrobe. The doors in light oak finish, open with the original roto-translation movement.

ARMADIO TRADIZIONALE / TRADITIONAL WARDROBE

HUSK LETTO E TAVOLINO_BED AND SMALL TABLE

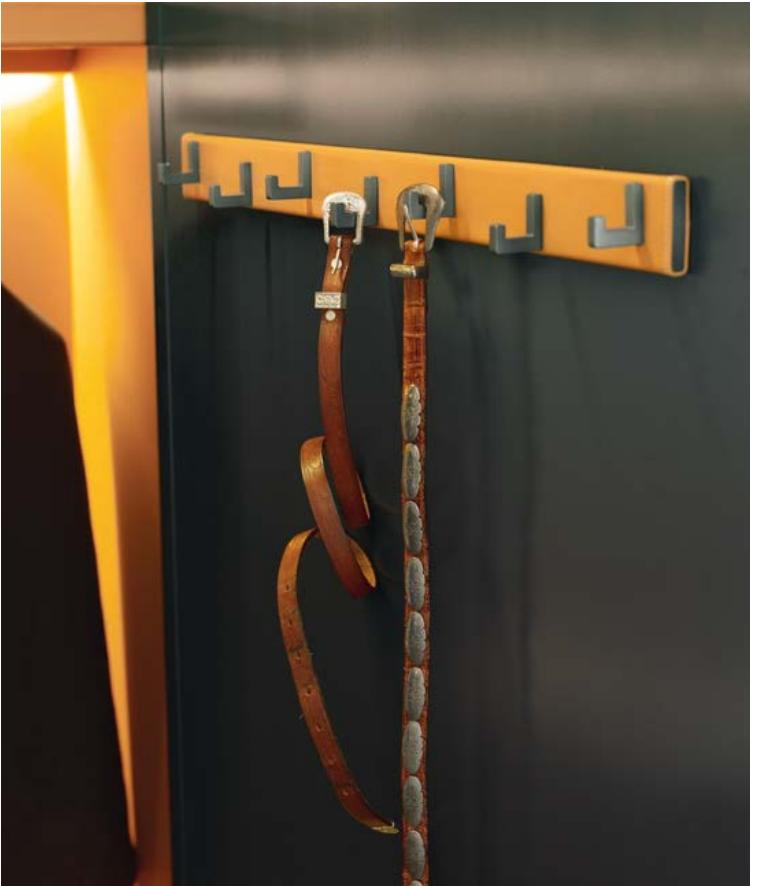

Al di qua della stanza da letto, Backstage diventa un divisorio attrezzato e sceglie una finitura effetto gommalacca, ottenuta con un trattamento speciale. La luce interna si accende alla apertura delle ante rototraslanti. A battente, invece, le ante ai due lati per consentire funzionali soluzioni a misura.

In the bedroom, Backstage becomes an equipped partition wall with a shellac type finish obtained with special treatment. The internal light is switched on when the roto-translating doors are opened. The two sides have hinged doors to adopt custom-made functional solutions.

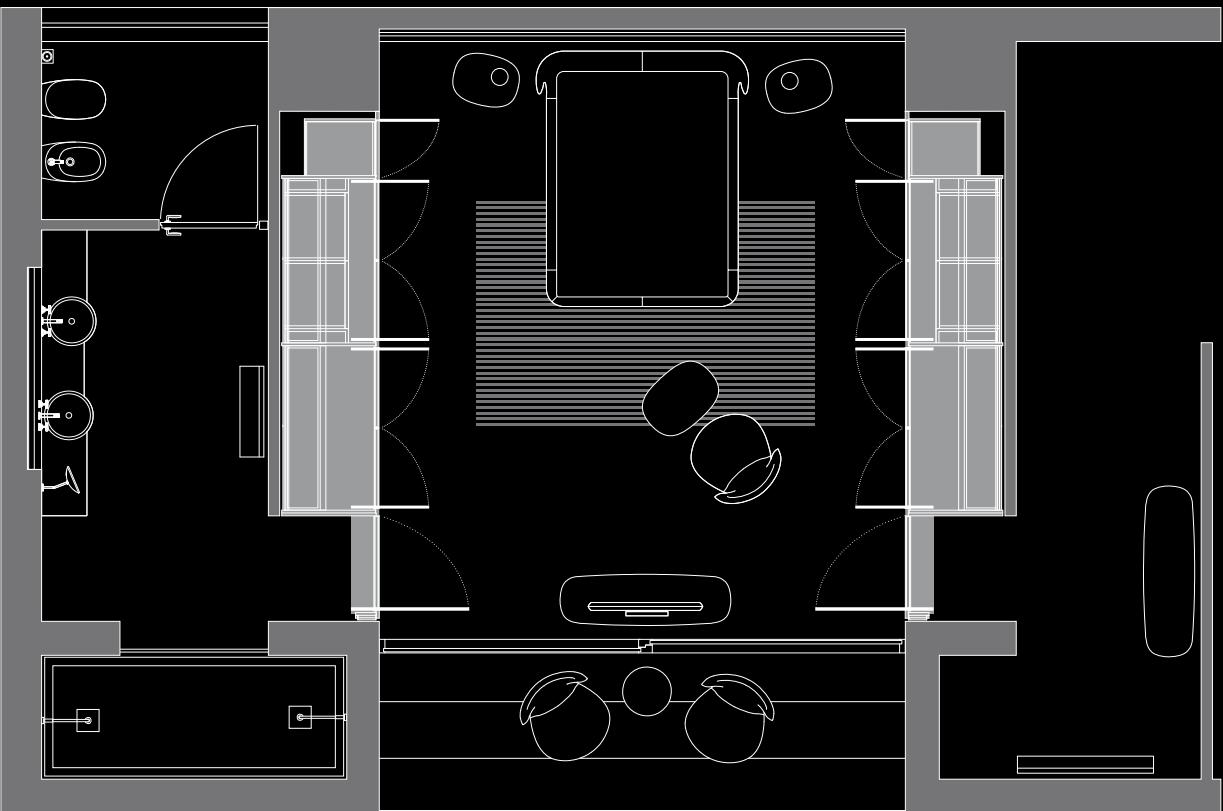

Per questa soluzione gli interni sono in pelle coloniale, che riveste anche il divisorio posto nel primo cassetto, il portacinture con ganci verniciati nickel bronizzato e il vano vuota tasche con portagioielli. Impeccabili e preziose le linee di raccordo tra legno, pelle e metallo. Molto raffinato l'accostamento di colori tra i diversi materiali.

The interiors of this solution are in coloniale leather that also lines the spacers inside the top drawer, the belt hanger with bronzed nickel painted hooks and the coin tray with jewelry box. The joints between wood, leather and metal are impeccable and precious. The colour combination of the various materials is highly sophisticated.

Ai lati del letto corrono le pareti che accolgono come boiserie continue la doppia armadiatura ad incasso: una per lei e l'altra per lui. La finitura laccata, con l'effetto tattile della gommalacca, è grigio acciaio, scelto tra sedici colori. Da annotare, l'anta rototraslante che fa da porta e passaggio di comunicazione con l'antibagno.

The walls with the double built-in wardrobe one for him and one for her run along the sides of the bed like a continuous boiserie. The lacquered finish with a shellac look is in steel grey, chosen from sixteen colours. The roto-translating door, which acts both as door to and connection with the bath anteroom deserves special notice.

Riporre al meglio abiti e accessori vuol dire organizzare in modo razionale gli interni del guardaroba, quindi flessibilità della loro disposizione e delle loro dimensioni che Backstage studia ad hoc, interpretando le esigenze personali del cliente. Come la presenza dello specchio orientabile e la posizione delle barre verniciate bronzate.

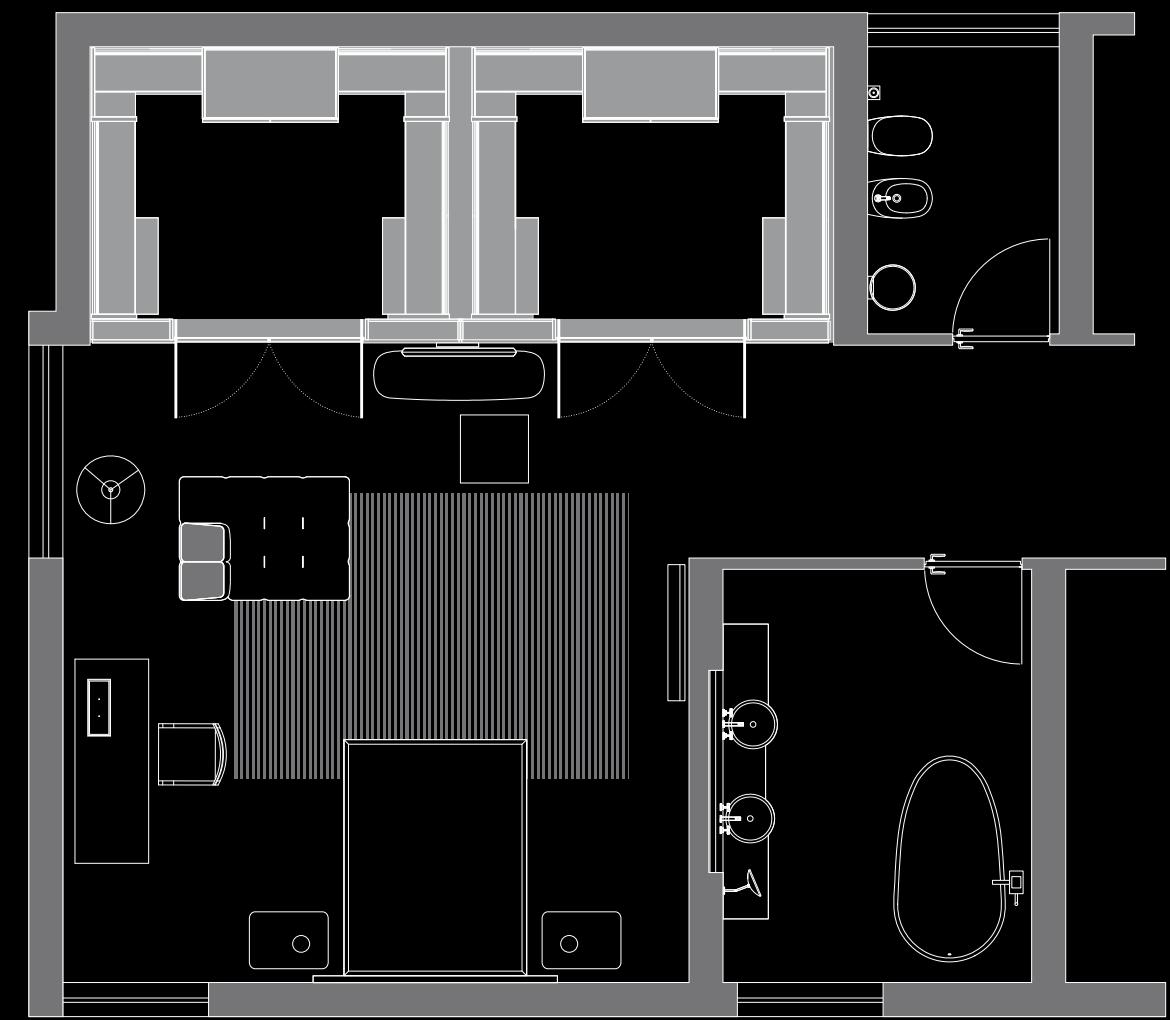

Efficiently arranged clothes and accessories require rational organisation of wardrobe interiors; hence, flexible layout and measurements, which are custom-made by Backstage to meet the personal requirements of clients. As, for instance, the presence of the moveable mirror and the position of the bronzed painted hanging rods.

All'altezza di una suite lussuosa o di una stanza tutta per sé, la grande cabina armadio è una boiserie continua nel pregiato legno sucupira. In facciata, il pannello centrale, può ospitare la tv. All'interno della cabina, l'armadio a due ante rivestito in cuoio testa di moro.

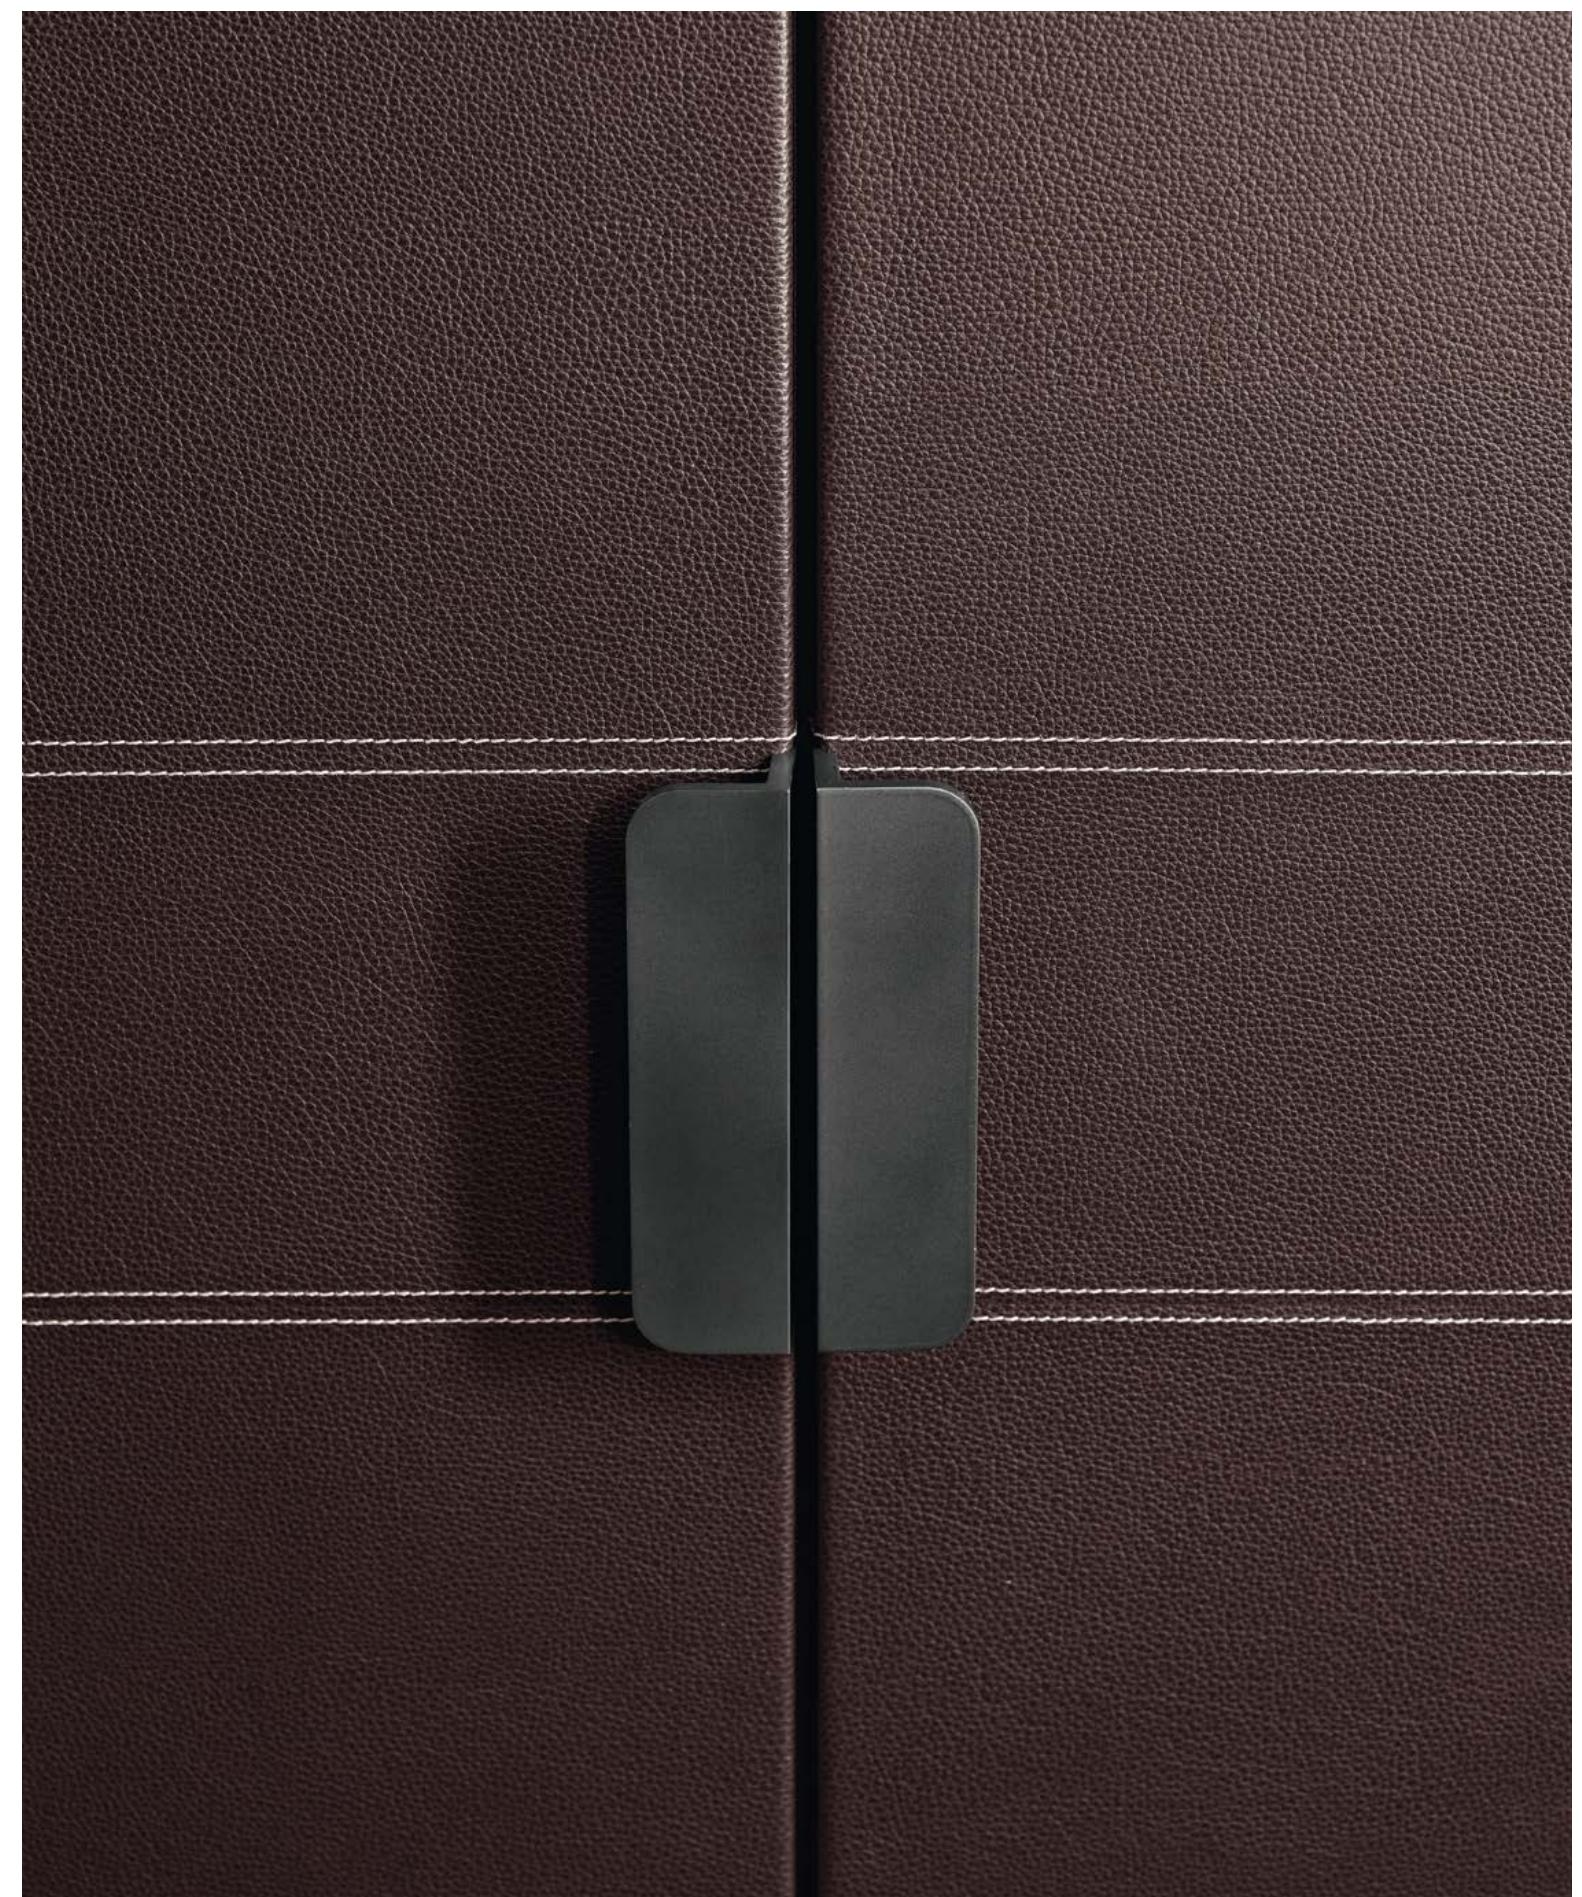

Designed to meet the quality standards of a luxury suite or of a room entirely to itself, the large walk-in wardrobe creates continuous boiserie in precious sucupira wood. The central front panel can become a TV compartment. The dark brown thick leather-lined two-door wardrobe is installed inside the walk-in closet.

La cabina armadio può essere organizzata e disposta nel passaggio alle spalle della camera da letto vera e propria con un'area per lei e una per lui. Per ognuna, al suo interno, la presenza di un armadio per riporre i capi più importanti: il rivestimento in pelle evidenzia le raffinate impunture da sellaio. Le maniglie sono vernicate nickel bronzate.

The walk-in closet can be organised and installed in the passage behind the bedroom with an area for her and one for him. Each area has a wardrobe for the most important items: the leather cover highlights the refined saddle stitch. Handles are bronzed nickel painted.

La stessa proposta di doppia cabina, divisa al femminile e al maschile, qui presenta una variazione: all'interno non c'è più l'armadio in pelle e le attrezzature sono disposte ad "L" su due lati. La parete libera accoglie lo specchio d'appoggio. Sia la boiserie esterna, sia gli interni sono in legno sucupira.

The same proposal of a double walk-in closet with a dedicated area for both him and her presents a variation in this case: it does not have the leather wardrobe, and fittings are installed with an L-shaped layout on two sides. The free wall has a leaning mirror. Both external boiserie and interiors are in sucupira wood.

Sotto il ripiano in succupira, i portacamicie e la doppia cassetiera sono verniciati nickel bronzato; così pure il gancio porta-abito ad incasso: utilissimo, accanto allo specchio, per appendere ciò che si è tolto o quello che si è scelto di indossare o provare.

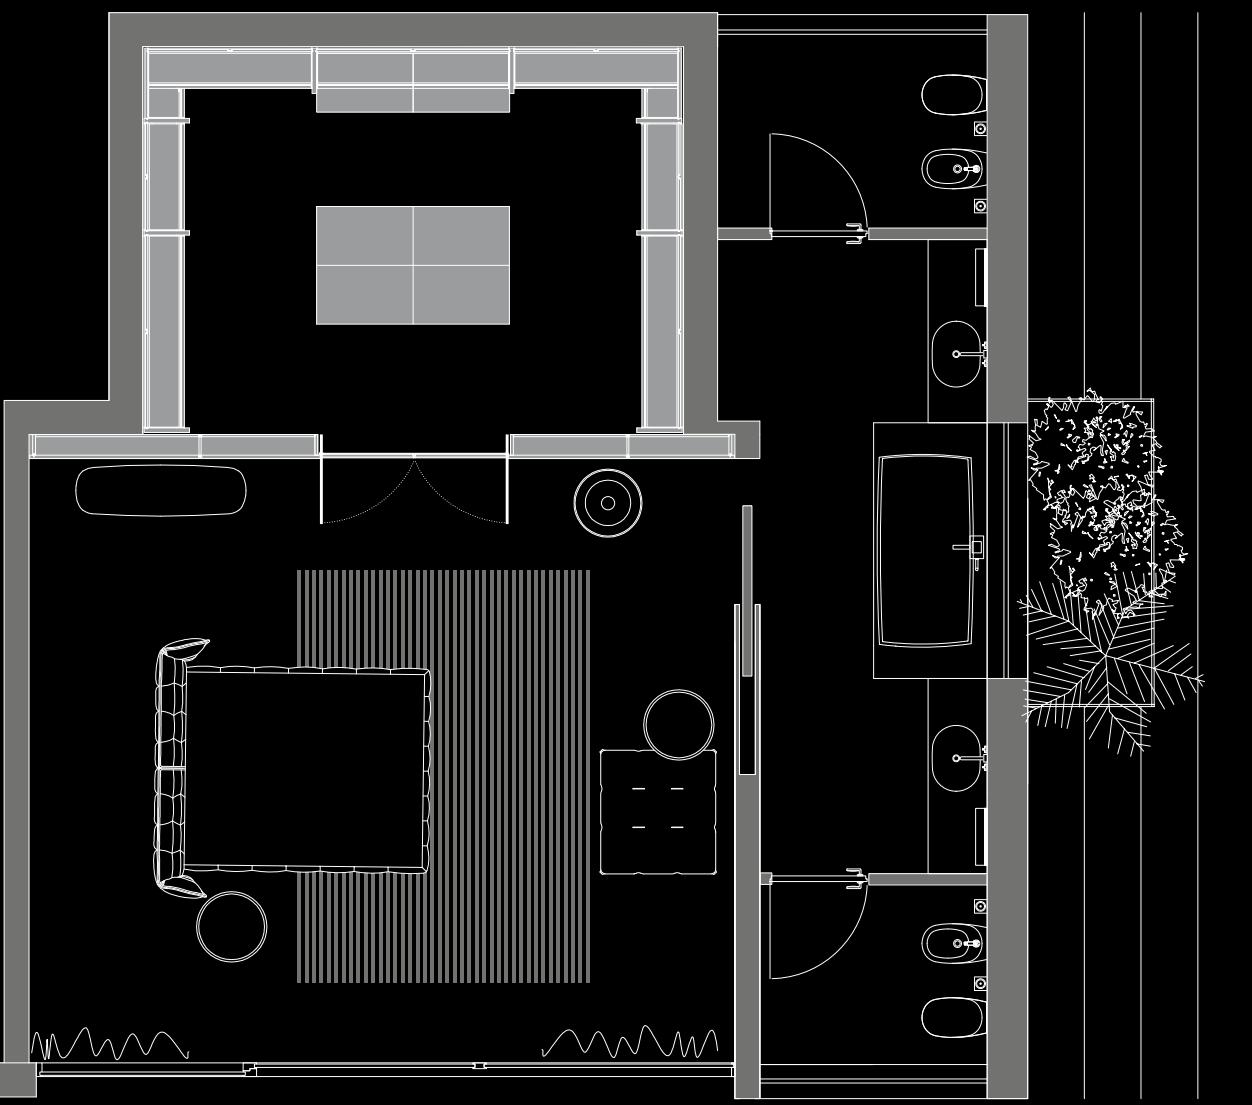

Under the succupira shelf, the shirt rack and the double drawer unit are bronzed nickel painted, and so is the flush fitting hanger: it is extremely useful near the mirror to hang clothes that have been just slipped off or that have to be worn or tried on.

CABINA ARMADIO PERSONALIZZATA /
CUSTOM MADE WALK-IN CLOSET

Declinata in una grande composizione la cabina armadio diventa elemento di definizione architettonica dell'ambiente. Cassettiere ad isola completano e valorizzano l'ambiente dedicato alla cabina; una soluzione di arredo arricchita dalla possibilità del top rivestito in pelle che evidenzia le raffinate impunture da sellaio, e dai divisorii interni posti nel primo cassetto. Per riporre le calzature, strutture a ponte, accostabili e sovrapponibili, con finitura nickel bronizzato.

The impressive composition of the walk-in closet provides an architectural structure to the space. Freestanding chests of drawers complete and enhance the area devoted to the wardrobe; a furnishing solution enriched by the possibility of a leather-upholstered top that emphasises the refined topstitched stitching, and by internal dividers inside the top drawer. The bridge structures for storing shoes can be set adjacent or stacked, and come in a bronzed nickel finish.

FRANK POUF OTTOMAN

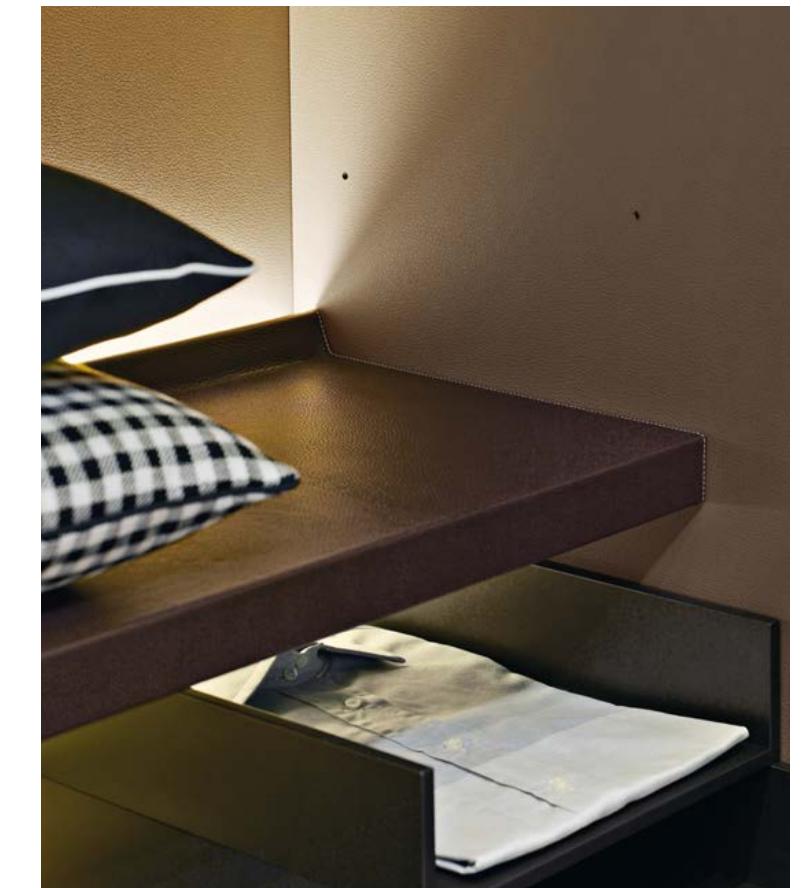

Dressing room declinata in una composizione lineare che dà vita ad una "stanza nella stanza" per racchiudere i propri abiti. Grande libertà compositiva per le strutture a ponte che creano un ambiente dedicato all'ordine, un nuovo modo per riporre i capi piegati in assoluta libertà e con un'eccezionale varietà estetica e funzionale.

The dressing room presents a linear composition that creates a "room within a room" in which to store one's clothes. Great compositional freedom marks the bridge structures, which create an environment dedicated to tidiness; a new way of putting away folded clothes in total freedom and with exceptional aesthetic and functional variety.

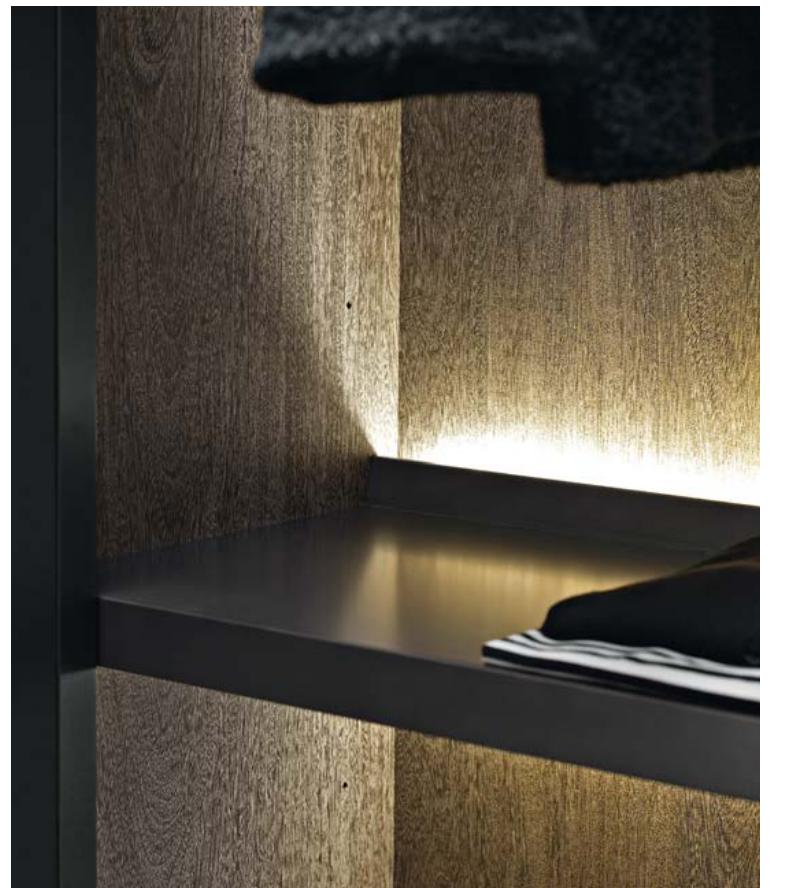

Uno sguardo all'interno per capire l'ampia possibilità di scelta dei materiali, in sintonia o a contrasto. Nella pagina di sinistra, tutto è rivestito in pelle coloniale. Qui sopra, per entrambi gli interni la scelta del melaminico pelle tortora, ma, a sinistra il ripiano è verniciato nickel bronzo e, a destra, è in pelle testa di moro.

A view of the inside to get an idea of the extensive choice of either harmonious or contrasting materials. Page on the left, all items are covered in coloniale leather. Top, in tortora melamine faced is the choice for both interiors but, on the left, the shelf is bronzed nickel painted, while it is in dark brown leather on the right.

Sucupira, tessuto e sedici laccature per le facciate e infinite variazioni degli interni per accontentare ogni gusto. Qualche esempio: qui sopra, a sinistra, al legno sucupira si abbina il verniciato nickel bronzato del ripiano oppure tutto e solo sucupira, come sopra a destra. Nella pagina accanto, sucupira e pelle testa di moro.

Sucupira, fabric and sixteen colours lacquer for the front, and an infinite choice of variations for the interiors, to meet all taste demands. Examples include: top left, sucupira wood combined with a bronzed nickel painted shelf or all surfaces lined with sucupira wood, as in the top right image. Next page, sucupira and dark brown leather.

GABRIELE AND OSCAR BURATTI

Un foglio di cuoio "pizzicato" in due punti alla base: di qui nascono l'andamento e la naturale inclinazione della testata. Ha una forma accogliente e protettiva di grande efficacia formale che si accompagna a fasce perimetrali particolarmente ridotte nello spessore, segnate da una cucitura che le percorre. Il piano del letto può essere sospeso da terra a due differenti altezze. La base è volutamente bassa per suggerire un effetto di sospensione e di galleggiamento del materasso supercomfordevole.

A sheet of leather "pinched" in two places at the base: here is where the movement and natural inclination of the headboard originate. It has a comfortable and protective shape with remarkable formal simplicity and very thin sides marked by a lengthwise seam. The bed surface, which can be adjusted to two heights, has an effect of suspension and floating of the super-comfortable mattress.

ANTONIO CITTERIO

E' una derivazione dell'omonimo divano riconoscibile dal celebre piedino a "L" rovesciato in alluminio spazzolato lucido o verniciato. Offre due versioni: una più importante, con fasce aggettanti rispetto al materasso leggermente incassato, ed una più semplice che vede le fasce a filo materasso. Anche nella variante con ruote.

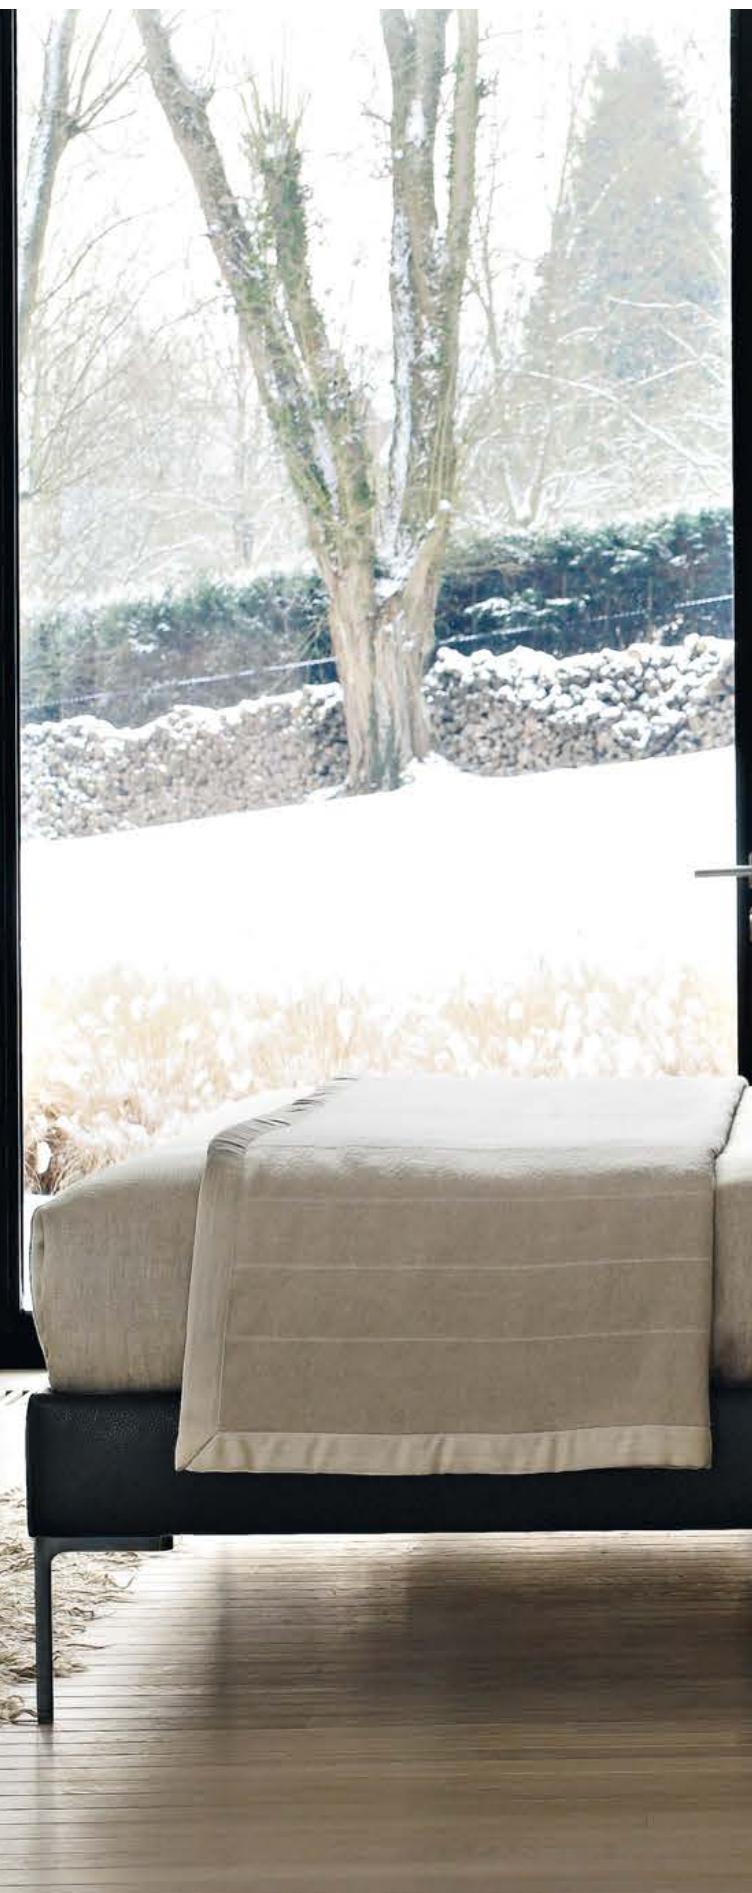

It derives from the namesake sofa that can be easily recognised by the famous inverted "L"-shaped foot in bright or painted brushed aluminium. It offers two versions: one with protruding sides compared to the slightly recessed mattress, and one more simple with the sides flush with the mattress. Available also in the variant with wheels.

La ricerca sulla morbidezza e sul comfort è la stessa che accomuna tutta la serie Husk, dalla poltrona, al divano alla sedia. Soffice e geometrica, semplice e complessa, soprattutto confortevole: la testata fortemente caratterizzata dal gioco delle cuciture sembra abbracciare il sommier.

Research into softness and comfort is common to the entire Husk series, from the armchair to the sofa and the chair. Soft and geometric, simple and complex, but above all comfortable, the headboard strongly characterised by the visual effects of the stitching seems to embrace the bed frame.

Una forma continua, monomaterica, dettagliata nelle proporzioni. Esprime una estetica risolta brillantemente come avviene per le poltrone, rispetto alle quali è stata leggermente ridotta la conicità, ripresa anche nel disegno della fascia. Il materasso è posizionato quasi a filo perimetro per accentuare il rigore dell'insieme.

A continuous single material shape with detailed proportions. Aesthetics have been brilliantly solved, as with the armchairs, compared to which the conical shape has been slightly reduced but it has been taken up in the design of the side. The mattress is placed almost flush with the perimeter to enhance the overall rigour.

NAOTO FUKASAWA

Fin dal primo sguardo colpisce per la sua immagine aerea, grazie al pianale a sbalzo che disegna l'intero perimetro del letto e che nella porzione posteriore diventa piano d'appoggio per libri e accessori. Su di esso si innesta lo schienale dotato di un breve risvolto e inclinato per offrire una posizione relax ottimale. Di grande effetto visto "di spalle", può essere posizionato anche in centro stanza.

From the very first glance its airy image is striking with the projecting base that defines the entire perimeter of the bed and which, at the back, becomes a convenient surface to place books and accessories. The backrest is inclined to offer an ideal relaxing position. Impressive from behind, it can even be placed at the centre of the room.

PATRICIA URQUIOLA

Comfort e solidità, modernità e legame con la tradizione espressa dalla citazione dello spirito Chesterfield e capitonné. In pelle o tessuto, il rivestimento è caratterizzato su base e testata dalla suddivisione a riquadri, segno distintivo della serie. Grazie alla sua configurazione chiusa a terra consente l'utilizzo dello spazio interno come vano di servizio.

Comfort and solidity, modernity and the bond with tradition expressed by citing the Chesterfield spirit and capitonné style. The leather or fabric cover is divided into squares, the distinctive feature of the series, on the base and headboard. With a base that goes down to the floor, it allows the internal space to be used as a convenient compartment.

Ampia famiglia di contenitori che trovano, pur mantenendo il rigore formale del loro disegno, variazioni cromatiche e giochi di finiture lucide e opache. Un importante dettaglio li personalizza: la maggiore profondità di top e fianchi rispetto ai cassetti che attribuisce al fronte maggiore interesse. Cassettiere con sviluppo verticale o orizzontale affiancano elementi meno profondi, con facciate che alternano vani vuoti e cassetti, da utilizzare a fianco del letto.

A large family of storage units enhanced by chromatic variations and plays of bright and matt finishes, while maintaining the formal rigour of the design. They are customised by an important detail: the greater depth of the tops and sides, as compared to the drawers, that contribute a sense of depth to the front. Chests of drawers that develop vertically or horizontally are placed beside elements that are less deep, with fronts that alternate empty portions and drawers, designed for use at the bedside.
